

Logitech® QuickCam® Messenger

Bundled Headset

Clear, Crisp Communications

- Clear conversations with RightSound technology
- Built-in microphone to include everyone in the conversation
- Stay connected easily with full screen, live video, & synchronized audio

QuickCam® Messenger is an easy, full featured webcam solution that features both quality video and clear, crisp audio via a built-in microphone with RightSound technology and a bundled headset. Simply install the software, plug in the webcam and launch your favorite video calling application. Included bonus software lets you create fun photo collages and makes editing and printing photos a snap. A universal clip attaches to most monitors and notebooks and lies flat on desktop surfaces. A perfect solution for video calling applications such as Skype and MSN Messenger, QuickCam Messenger is the perfect choice for keeping in touch with family and friends.
